Pantheon Chemical, developers of the popular M-Pro 7 high performance weapon care products for law enforcement, military and professional shooters, unveiled to the gun industry a much needed travel gun kit in two sizes. The new and improved "Deluxe Gun Kit" (\$59.99) and the brand new "Essential Gun Kit" (\$24.99) are available at finer gun stores and on the M-Pro 7 website, www.mp7.com. The M-Pro 7 gun cleaning system is packaged beautifully in a black carrying case to provide transportable gun care for the serious shooter. In fact, M-Pro 7 Gun Kits are possibly the only kits that can be legally carried aboard commercial airliners due to their non-hazardous and non-flammable contents.

The M-Pro 7 Essential Gun Kit

Expect larger sizes and more of everything in the Essential Gun Kit which contains:

- | | |
|---|--|
| 4 oz M-Pro 7 Gun Cleaner | 3 ea Assorted Bore Brushes |
| 4 oz M-Pro 7 Cleaner Lubricant Protectant (CLP) | Small Caliber – (.22, .223.) |
| 50 All Purpose M-Pro 7 Gun Cleaning Patches | Medium Caliber – (9mm, .357, .38, .40 cal) |
| 2 ½" Square Twill | Large Caliber – (.45 cal) |
| 1 ea Gun Cloth | 1 ea M-Pro 7 Gun Case |
| 1 ea Gun Pad | 1 ea M-Pro 7 Gun Cleaning Guide |

M-Pro 7 Products are scientifically designed to clean weapons to the pores, condition metal to repel additional fouling and provide a powerful lubricant, protectant and field cleaner for intermittent cleaning. Along with these guaranteed products is an information packed "Gun Cleaning Guide" that proves M-Pro 7 is committed to their customers and their gun care needs, offering pages of educational approaches to gun maintenance and shocking competitive comparisons.

Pantheon Chemical strives to revolutionize the development, application and performance of chemical products. All Pantheon products are non-toxic, biodegradable, non-hazardous, non-flammable and environmentally safe.
