

HOPPE'S

The M-Pro 7 Tactical Gun Cleaning Kit is designed with the tactical shooter in mind. It contains all the product and tools needed to clean and maintain law enforcement and military weapons for optimal performance and reliability. Unlike other kits, the M-Pro 7 Tactical Gun Cleaning kit uses non-flammable, nonhazardous cleaning solutions, so it can be commercially transported worldwide.

Packaged in a high-quality locking case, the kit includes a supply of M-Pro 7 Gun Cleaner, Cleaner Lubricant Protectant and Copper Remover. These products reduce weapon maintenance time by up to 80 percent and exceed mil-spec cleaning-system requirements.

The kit contains a cleaning rod and small-, medium- and large-caliber brushes that will fit anything from .22- to .45-caliber handguns and rifles. There is also a 12-gauge brush adapter. Also included are a lint-free gun cloth, a stack of cleaning patches and the popular M-Pro 7 Weapons Maintenance Guide. SRP: \$53.95. (800-423-3537; hoppes.com)

The M-Pro 7 Tactical Gun Cleaning Kit uses air-travel-friendly materials and holds products and tools suitable for tactical arms.
