M-Pro 7 TRAVEL CLEANING KIT

The new M-Pro 7 Travel Cleaning Kit was designed to meet TSA regulations (a plus when facing a daunting airport security line). Compact and rugged, this kit was developed for traveling law enforcement and military personnel, but is highly useful for any traveling shooter. This kit contains all the essentials for maintaining your weapon in travel-ready sizes. The two-ounce M-Pro7 Gun Cleaner and Gun Oil included are under TSA liquid requirements and are non-toxic and biodegradable. The T-handle sectional rod is under the seven-inch TSA tool limitation. The kit also contains high-quality patches, slotted ends, and an M-Pro7 Weapon Maintenance Guide. The M-Pro7 Travel Cleaning Kit is perfect for organizing a range bag or luggage. It is now available at weapon and shooting supply stores for \$39.95.
